PILOT JACKET 2.0

A wind- and waterproof 2L Gore-Tex jacket with taped seams, designed for work onboard boats for pilots and boatmen. The Pilot Jacket has several practical features such as: a hood with a moldable visor, safety handles at the shoulders for emergency rescue, a holder for an emergency lamp, chest pockets with waterproof zippers, and large hidden document pockets. The jacket can be complemented with the padded Denver Lining Jacket, which serves as a warming inner lining.

FUNCTIONS

- Extended back and high adjustable collar
- Detachable and adjustable hood that can be folded into the collar
- Large chest pockets with waterproof zippers
- 2 large A4 pockets containing mobile phone pen and wallet pocket. The pockets are easily accessible without opening the jacket as they are concealed behind the front panel
- Fluorescent yellow adjustable hood with adjustable peak
- Tightened at waist with hidden drawstrings
- Reflective strips on the back front shoulders and hood
- Yellow fluorescent reflective strips around sleeves
- Holder for emergency light on the left sleeve
- Reinforced shoulder straps for emergency rescue. Tensile strength meets the SS-EN ISO 13934-1: 1999 standard with results well over 1000N
- Radio holder on the right chest
- 12x10 cm soft Velcro patch on right sleeve for attachments
- Velcro-fitted front panel and Velcro-adjusted sleeves
- Back mesh lining
- Taped seams
- Can be supplemented with Denver lining
