NEBRASKA JACKET

A very warm and durable jacket in 2L Gore-Tex with a fixed lining that keeps the warmth in really tough winter conditions. The jacket originates from professional workers in Arctic environments and is developed with many functional details. It is wind and waterproof with taped seams and good breathability, and has a high protective collar and a large detachable hood with space for a helmet. The hood also has a detachable fur trim that protects the eyes and face from snow and wind. Sturdy zippers and several practical pockets with protective flaps and pocket lids for water safety. Extra strong fabric on the shoulders and elbows, and at the cuffs there are warming cuffs with thumb holes.

FUNCTIONS

- Windproof and waterproof with taped seams and breathable function.
- Large removable padded hood with space for a helmet that can be closed to become a wind collar.
- Removable faux fur trim around the hood to prevent snow in the eyes, secured with Velcro.
- The collar is extra high at the back to protect the neck and throat and is adjustable in width.
- Sturdy 2-way front zipper, concealed by double storm flaps for water safety.
- Chest pockets with zipper closure and protective flap.
- Velcro on the chest for a badge.
- Slanted and snow-proof hip pockets with zippers and Velcro-secured flaps.
- Spacious vertical pockets with zippers, hidden behind front flaps, accessible without opening the jacket.
- Pre-bent sleeves.
- Velcro adjustment at sleeve endings.
- D-ring at sleeve cuff for attaching gloves.
- Elastic warming cuffs with thumbholes at sleeve endings.
- Width adjustment at the waist and hem with concealed drawstrings.
- Extra durable fabric on shoulders and elbows.
- Reflectors on sleeves, front flaps, back, and on the hood.
