

SITKA LINING TROUSERS WOMEN SML

The Sitka lining is a high-performance Thermolite® plus lining with superb warming and heat retention properties. The lining has openings in the sides to access the innermost layer of clothing without exposure to cold and wind. For winter use the lining is fastened to the trousers with a squeeze. This Sitka lining is a perfect fit for our Guard Trouser and Patrol Trouser.

FUNCTIONS

- Openings on the lower leg allow ease of access to undo zips.
- Fastens with a zip and with fastenings at the leg ends
- Superb insulating properties
