CR FR UAC SHIRT

A lightweight and comfortable flame-retardant cut-protection UAC shirt made of stretchy material with a high zippered collar. The cut-protection material covers the arms, shoulders, neck, upper chest, and upper back. The lower part is made from a thin flame-retardant fabric. The sleeve cuffs are adjustable, and the practical sleeve pockets close with zippers. The fibers in the protective fabric may be felt on sensitive skin; in such cases, wearing a thin garment underneath is recommended.

FUNCTIONS

- Velcro at sleeve cuffs for width adjustment.
- Pockets on both sleeves with zipper closure.
- Velcro patches on both sleeves 10x10cm.
- Material for sleeves and shoulder section tested according to:
- EN 388 Cut resistance Level 5
- EN 388 Tear strength Level 5
- EN 15025 Afterflame time < 2 s
- EN 15025 Afterglow time < 2 s
- EN 15025 Melting No
- EN 15025 Hole No
