# FIELD NR TJ SHIRT

Our tropical Field NR TJ Shirt, together with the matching rrousers and hat, has become a very popular choice for operations in warmer climates thanks to the very high level of comfort. The fabric mix offers unparalleled drying time combined with durability. The large buttons make it easy for the user to fasten their pockets and secure their equipment. We have minimised all zips to reduce the risk of cuts as the risk of infection is higher in humid and hot conditions.
