TIR TARP

The TIR Tarp effectively protects users or equipment from being detected by light-enhancing and thermal imaging lenses. It functions across a wide range of the electromagnetic spectrum. The fabric is capable of interacting with infrared radiation wavelengths in the NIR, SWIR, MWIR, LWIR, and FIR ranges. The material features zones with varying levels of reflectance to blend into the surrounding environment. The tarp also offers excellent properties such as durability, low weight, breathability, and ease of packing.

FUNCTIONS

- 2.90 x 2 meters
- Edge tape and loops at the outer edge for flexible fastening

FACTS

Article no.	203224524
Sizes	2,90 x 2 meter
Colors	16MA TMTP® MA Multi Terrain Pattern *(MOQ)*
Material	Fabric: 100% polyamide
Other	Weight : 1040 g
