RF 250 REV CIP JACKET

The RF 250 Rev CIP Jacket is suitable for lower temperatures and more passive activities and can be worn over another jacket. It has padding that creates an insulating air layer, keeping you warm without weighing you down. The material has good moisture-wicking properties and is very quick-drying. The jacket is reversible and features two colors to adapt to different environments.

FUNCTIONS

- Reversible, with two colors
- Generous fit, can be worn over a shell jacket.
- High adjustable collar
- Spacious detachable hood, adjustable with hidden drawstrings.
- The hood can be complemented with a fur trim.
