CRW CIP JACKET

CRW CIP Jacket is our lightest and most packable rain jacket. The jacket is made of thin and light 3L Gore-Tex material. Combined with CRWC Trousers, it creates a very flexible system. This system only has sleeve pockets because it is designed for minimum weight and volume. By rolling up the trousers and jacket in the jacket's hood, the operator has a compact package that can be easily packed with their equipment.

FUNCTIONS

- Fixed and adjustable hood
- 1-way waterproof zip on the front
